

# TASS 2020

## 亞洲永續供應+循環經濟會展

Asia's Sustainable Supply & Circular Economy  
Conference and Exhibition

December 2-4, 2020 Kaohsiung Exhibition Center

### Awards highlight consolidation of TASS as the leading circular economy event

Chung-Hua Institution for Economic Research will move the 2nd edition of Taiwan Circular Economy Awards ceremony to take place during TASS 2020 in December in Kaohsiung. This move further heightens the excitement around TASS 2020 as more and more companies join the exhibition, forum, business exchange, and now, these contested awards!

This year the awards will include these categories:

- Best Circular Economy **Enterprise** Award 2020
- Best Circular Economy **Product** Award 2020
- Best **Innovative Technology** Circular Economy Award 2020
- Best Circular Economy **Innovative Service** Award 2020
- Best **Multi-Industry** Circular Economy Award 2020
- Best **Investment** in Circular Economy Award
- Best Circular Economy **Supply Chain** Award

The organizers and the jury had a tough time deciding! The competition for the awards was intense. It attracted 23 companies with 30 entries. Chung-Hua Institution for Economic Research cooperated with BSI (British Standards Association), UL (Underwriters Laboratories), and Taiwan's Green Economy Center to visit the nominated companies, check all the data provided and decide on the winners. Now in December we look forward to have everyone join to congratulate the winners and join some of the many other activities, such as the Pioneer Vision Forum, Master Lecture, Welcome Dinner Party, Sustainable Energy Network Forum and TASS Business Exchange.
